Basic & Power

RASURBO power supply Basic&Power BP-XII450 | BP-XII550

The newest versions of RASURBO's successful **Basic&Power series** offers ATX 2.03 support and more power at minimum noise levels. The BP-XII-models are a real alternative to expensive high-end products and the optimal choice for dealers and system integrators. (The BP-XIIs are the improved successor of the RASURBO CL450.)
